Subject: U&O FIP: update

Hi all,

I spoke with Darryl Adams today. OP is putting together a list for the Administrator of upcoming rulemakings through the end of this administration. There is a meeting coming up with OMB about any rulemakings that are expected to be signed by the Administrator before January 20. The Utah FIP is on that list.

While we have a 45-day estimated review time in the ADP tracker for OMB, Darryl said the usual review time is 90 days. However, he seemed ok with our estimated dates in the ADP

tracker, because he said OMB does expedite at times, usually if it's under a court-ordered deadline. However, he agreed that we want to get this rule finalized under this administration, so it stays on the list.

Thanks,

Jody
